WE ADD.

Populus Carolina—Very hardy and fast grower. 3 to 4 feet, 50c; 6 to 8 feet, \$1.00.

Colorado Blue Spruce—From \$1.00 to \$10.00 each. We recommend a \$3.00 plant.

Hyacinth bulbs, Tulips, Gladiolas, Paeoni, Tuberoses, Shasta Daisies, each 25c; doz., \$2.00.

These are something very nice and should be on every lawn.
Maiden Hair, to Tulip Trees; each, \$1.50. Weeping White Birch and Mountain Ash, 6 to 8 feet, each, \$1.50.

Agave please try and confine your orders to the above varieties as they are standard and usually hardy and give satisfaction.

FOR SMALL city orders recommend the big fancy trees. We especially solicit small orders, as we want your order and if we please you we will probably get another order from you, if not from you personally, then maybe from your friends, so please remember that your small order for a couple of trees will have the same care as an order for a carload. Agents wanted.

NO WAR PRICES YET

But Prices Will Advance Next Month.

To Our Friends and Customers:

At the present time this country is passing through a period of high prices and scarcity of the principal articles used by the nurseries; such as has never been our experience before. This, together with the thousands of dollars some nurseries spend in Newspaper Advertising, has compelled them to raise the price of their stock over 100 per cent, on some things. We, ourselves, will be compelled to raise our prices about 50 per cent on the first of next month. **BUT WE ARE GOING TO GIVE OUR FRIENDS AND CUSTOMERS WHO HAVE PATRONIZED US SO FAITHFULLY IN THE PAST A FAIR SHOW.** So now is your time to order at the old prices, for they will be advanced next month. All orders taken early in the season at the old rate will be filled at that rate, as well as all orders sent in to us on or before the first of next month.

ALSO PLEASE REMEMBER THAT WE DEAL IN GARDEN SEEDS AND CAREFULLY SELECTED SEED POTATOES. We have been selling 6 5c pkts. of garden seeds for 25c, prepaid. We do not expect to raise on this item, however, UNLESS a raise in postage makes it necessary. We grow about 20 varieties of POTATOES for SEED purposes. THESE SEED ARE GROWN BY DRY FARMING, no irrigation being used, and are just what you should plant.

BARGAIN ASSORTED FAMILY ORCHARD AT HALF PRICE

If we never sold you another tree, this would be a losing proposition to us; but we have enough faith in our stock to believe that a small family orchard in any locality is a far better advertisement than newspaper advertising. So, to those who haven't secured our BARGAIN LOT FAMILY ORCHARD, we wish to say, we will, for awhile, at least, not advance the price on this. Even though we lose money now by it, it will come back to us later in the form of other orders. This Assorted Orchard is made up of the best and leading varieties. To those who have only room for a dozen trees or so, we have made a ruling that half that lot can be had. BUT PLEASE DO NOT ASK FOR ANY OTHER CHANGE in the list, as it cannot and will not be allowed; because, when we are busy in the packing season, we will have to adhere strictly to the one BARGAIN LOT.

FOLLOWING IS AN IDEA OF THE BARGAIN LOT

6 apple trees, \$1.50; 6 peach trees, \$1.50; 6 plum trees, \$2.50; 6 grape vines, \$1.25; 12 berries, \$2.00; 2 fig trees, \$1.00; 2 quince trees, \$1.50; 4 pear trees, \$2.00; 2 walnuts trees, \$2.00; 6 cherry trees, \$2.50. The above in First Class stock amounts to \$17.75. Our Bargain Price is half of that, or \$8.87. Or, half of the lot may be had for \$5.00. We can only supply a limited number of these Bargain Lots; So don't wait. Order to day.

The above are all standard and assorted varieties.

SEED POTATOES

By careful hill selection and breeding up of our potatoes, we are able to offer seed that should do well any place, where potatoes will grow. We have a system of grading, whereby we put out three grades of seed.

No. 1 is a small, but uniform seed; too small to cut, but just right to plant whole.

No. 2 is a larger size seed, and is desired by most people.

No. 3 is a potato graded out for table size, but used for seed by many like a still larger seed than No. 2. We do not recommend No. 3, however, as they are graded out more for the table than planting; but we do recommend No. 2 for seed that are to be cut, and No. 1, where they are to be planted whole. For if potatoes are planted whole they will not rot in the ground before growing time.

We grow around twenty of the leading varieties of potatoes, and can, without doubt, supply you with almost any variety you wish. Also, PLEASE REMEMBER we do not charge the exorbitant prices that some do. Write us at once and we will quote you for IMMEDIATE ACCEPTANCE as close a price as is permissible, considering the time and expense we devote to the growing of the same. Here you will get the VERY BEST THAT SOIL, CLIMATE, EFFORT AND EXPERIENCE CAN PRODUCE.

ALL PRICES QUOTED FOR IMMEDIATE ACCEPTANCE.

FOR SALE—Thorough-bred Berkshire hogs and pigs, and milk goats.

WRITE US for Farm Implements, Fertilizers, Sprays, etc. Soil tested Free. We can also save you money on your lumber bill. When writing about lumber, be sure to give a list of just what you want, and that will enable us to give prompt replies.

FRUIT AND BERRIES IN SEASON. Also, all kinds of garden plants.

FOR SALE—A new modern 5-room bungalow; bath, lights, city water, lot 40X80; fine spring on corner of lot. Price, \$1800. Also THREE ACRES of new land; sandy loam soil; posts set for fence, good well; no other improvements; clear; price \$1500; terms, half cash; balance, five per cent interest; or might trade for clear alfalfa land.
